There is a typographical error in the published version of Eq. (1). The correct version is:

$$\hat{k}(z,t) = k_0 + (k_{Bulk} - k_0) \left[1 - \frac{\cosh\left(\frac{z}{\delta}\right)}{\cosh\left(\frac{t}{2\delta}\right)} \right],$$

the only difference being the location of the “1 –”. We have confirmed that this typographical error is isolated and there are no other problems with the other equations, figures, or analysis.

We thank Prof. Li Shi (University of Texas at Austin) for bringing this to our attention.
